<b>COMPANY NAME</b>	<b>Sarker Steel Ltd are manufacturer of Steel Buildings in Bangladesh</b>
Brief Introduction	<p>M/s Sarker Steel Ltd. are manufacturers of Steel Buildings in Bangladesh with most advanced steel fabricators with the capacity 3500 MT/month. They are interested to supply PEB buildings to Pakistan at much better price than local fabricators.</p> <p>According to M/s Sarker Steel Ltd, the customers for up-coming projects are rapidly shifting to PEB buildings instead of conventional building as one of the most significant advantages of PEBs is that they can be completed considerably faster than conventional buildings. This means that building owners can start generating revenue, and profits, much faster. Furthermore, the cost of a PEB can be significantly lower than that of a conventional structure. Other benefits include easy erection, greater structural stability, lower cost on environment control due to thermal efficiency, better space utilization due to column free designs and flexibility in expansion – even relocation.</p>
