

## INVESTMENT PROJECT № 1

**Name of the project:** Introduction of technological line for production choleric, hepatoprotective, anti-inflammatory, drugs lipovitol, limoneol, karviol, holelitol and ferusinola.

**The name of enterprise:** SSI "Research Institute of Nutrition"

**Address:** 734025 Dushanbe, Tursunzoda str. 25

**Tel.:** (992) 37-880-09-69, 93-537-07-77,

**E-mail:** azonov-02@mail.ru

**Field of activity:** Production of medicine (drugs)

**The purpose of the project:** The use of new technologies in the development and introduction of new low-toxic and highly effective drugs lipovitol, limoneol, holelitol, karviol and ferusinola. Possessing hepatoprotective, antispasmodic, anti-inflammatory and lipid-lowering properties.

**The brief description of the project:** Relevance to the beginning of the XX century, the main danger to public health and public health problem have become a non-communicable diseases, gepotobiliarnoy system, toxic hepatitis, liver and steatosis primarily cardiovascular morbidity disease morbidity and mortality of the adult population.

**Overall costs of the project:** 73 000 US Dollars

**(million. US dollars) - ,**

**Documentary ground of the project:** Business plan is developed

---

## INVESTMENT PROJECT № 2

**Name of the project:** Create a plant for production of rock phosphate as a fertilizer and the main raw material production of phosphate fertilizers.

**The name of enterprise:** SSI "Research Institute of Industry"

**Address:** 734029 Dushanbe Ayni str, 259.

**Tel.Fax:** (+992) 901 112 701, (+992 37) 226-25-01

**The purpose of the project:** Used industry developed technology of rock phosphate mineral reserves of Tajikistan to develop an industrial production plant and, based on the introduction of the technology of phosphate fertilizers for agriculture in Tajikistan

**The brief description of the project:** Project development of technology of rock phosphate minerals of Tajikistan.

**Overall costs of the project:** U.S. \$ 892,770

**(million. US dollars) - ,**

**Documentary ground of the project:** Business plan is developed

---

## INVESTMENT PROJECT № 3

**Name of the project:** Development of a field of amethyst Selbur.

**The name of enterprise:** State Unitary Enterprise "Chamast" Ministry of Energy and Industry of the Republic of Tajikistan.

**Address:** 734000, Republic of Tajikistan, Dushanbe, Borbad str, 52/1,

**Tel.Fax:** (+992 37) 239-05-02

**Field of activity:** Mining of semiprecious raw.

**The purpose of the project:** Attraction of investment means for development of a field of Selbur amethyst.

**The brief description of the project:** The Selbur field is in the territory of the Hissar province of the Republic of Tajikistan. The main mineral - amethyst raw, amethyst high-quality used as production of jewelry. Term of

coverage raw 17 years, amethyst raw 76028 tons, amethyst varietal 7297kg. The main components of the project: Development of a field of marble Selbur amethyst

**Overall costs of the project:** 2, 9 - (mln USD)

**(million. US dollars)** - 2, 9,

**from them:**

**own means:** 0.4

**the external investments:** 2.5

**payback time (year)** 7.4 years

**The proposal to the investors:** Possible forms of cooperation. Creation of joint venture on mutually beneficial terms.

**Documentary ground of the project:** Technical-economic indicators of industrial development of amethyst deposit "Selbur."

---

#### **INVESTMENT PROJECT № 4**

**Name of the project:** Creating a coal-chemical complex for the production of synthetic motor fuels (1350 barrels per day) and electricity production using coal gasification (52 MWT) in Tajikistan.

**The name of enterprise:** SSI "Research Institute of Industry"

**Address:** 734029 Dushanbe, Ayni str, 259

**Tel.Fax:** (+992) 901 112 701, (+992 37) 226-25-01

**Field of activity:** Industry and fuel and energy complex

**The purpose of the project:** Is to increase the energy potential of the country, involvement in foreign direct investment for the introduction of new advanced coal technologies for electricity production and the creation of experimental industrial production.

**The brief description of the project:** Creating a coal-chemical complex for the production of synthetic motor oil.

**Overall costs of the project:**

**(million. US dollars)** - , 13.8 million U.S. \$

---

#### **INVESTMENT PROJECT № 5**

**Name of the project:** Skilled test of technology of processing of aluminum-containing raw materials of a field Kurgovad of Tajikistan for the purpose of receiving alumina for aluminum production.

**The name of enterprise:** SSI "Research Institute of Industry"

**Address:** 734029 Dushanbe, Ayni str, 259

**Tel.:** (+992) 901 112 701, (+992 37) 226-25-01

**Field of activity:** Aluminum industry.

**The purpose of the project:** For achievement of a goal in the project the following problems are solved.

**Overall costs of the project:** 7380400 U.S. dollars

**(million. US dollars)** - ,

---

#### **INVESTMENT PROJECT № 6**

**Name of the project:** Free Economic Zone "Danghara"

**The name of enterprise:** State Unitary Enterprise "Taj Invest"

**Address:** Khatlon province Dangara district.

**Tel.Fax:** (+992 37) 2214717 | 2214718

**Field of activity:** construction of the plant facing ceramic plates.

**The purpose of the project:** Ceramic tile production annual capacity of 3 million square meters

**The brief description of the project:** FEZ "Dang" is located in the south of the Republic of Tajikistan in Khatlon, Dangara district. Organizovovana for 50 years, with a total area of land plots 521ga.

**Overall costs of the project:**

**(million. US dollars)** - \$ 10.0 million,

---

## **INVESTMENT PROJECT № 7**

**Name of the project:** "Development memtorozhdeniya marble onyx" Patra "

**The name of enterprise:** State Unitary Enterprise "Chamast" Ministry of Energy and Industry of the Republic of Tajikistan

**Address:** 734000, Republic of Tajikistan, Dushanbe, Borbad str, 52/1

**Tel.Fax:** (+992 37) 239-05-02

**Field of activity:** Mining of semiprecious raw

**The purpose of the project:** Getting funds for the development of the field of marble onyx "Patra"

**The brief description of the project:** Deposit "Patry" within the territory of the Republic of Tajikistan Shahrinav district. Main fossil marble onyx used as an ornamental stone for prizvodstva products. Term of coverage raw 17 years, onyx raw 808.6 tons, 471.5 tons of ornamental onyx.

**Overall costs of the project:**

**(million. US dollars)** - 1,2 - (mln USD),

**from them:**

**own means:** 0.1

**the external investments:** 1,1

**payback time (year):** 7.4 years

**The proposal to the investors:** Possible forms of cooperation. Creation of joint venture on mutually beneficial terms.

**Documentary ground of the project:** Technique developed economic indicators of industrial development of marble onyx deposit "Patry."

---

## **INVESTMENT PROJECT № 8**

**Name of the project:** Organization of production of energy-efficient LED lamps in Chkalovsk, Sughd province of Tajikistan.

**The name of enterprise:** LIMITED LIABILITY COMPANY "TJS ENERGY"

**Address:** 735735, Republic of Tajikistan, Sughd region, Chkalovsk, Krasnoarmeyskaya str. 2

**Field of activity:** The organization of production of energy-saving LED lamps ag.

**The purpose of the project:** In this project, "Company Somone" is planning the production of LED lighting products with the main strategic goal:

-increase in Tajikistan energy efficiency in all sectors, in all cities and regions in the country as a whole, in conjunction with the State.

Transition to new safe for humans and the environment, energy-saving technologies.

- Business highly profitable production of LED lighting products.

- to promote sustainable development of the energy sector in Tajikistan, on the basis of energy efficiency recommendations emanating from the "Master Plan for energy efficiency in Tajikistan"

United Nations Development Programme (UNDP)

**The brief description of the project:**

**Principal components of the project:**

**Overall costs of the project:** 2 448 616, 00

**(million. US dollars) -** 2 448 616, 00

**payback time: 5 (year)**

---

## **INVESTMENT PROJECT № 9**

**Name of the project:**

**The name of enterprise:** LIMITED LIABILITY COMPANY "SHANDIZ"

**Address:** 734033 Dushanbe. Leningradskaya str. 35,

**Tel.Fax:** 992 (37) 233-12-16

**E-mail:** Shandis@inbox.ru

**Field of activity:** stone processing production

**The purpose of the project:** On the organization of stone processing production in Asht Sughd province of Tajikistan

**Overall costs of the project:**

**(million. US dollars) -** , 6,210 000 (U.S. \$ million)

**payback time: 5 years**

---

## **INVESTMENT PROJECT № 10**

**Name of the project:** "Creating a scientific experimental plant for production of coagulant for water purification and industrial wastewater"

**The name of enterprise:** SSI "Research Institute of Industry"

**Address:** 734029 Dushanbe, Ayni str. 259

**Tel.Fax:** (+992) 901 112 701, (+992 37) 226-25-01

**The purpose of the project:** Creation of shop getting coagulant for use in the treatment of drinking water and sewage on a national scale.

**Overall costs of the project:**

**(million. US dollars) -** U.S. \$ 415,000,

---

## **INVESTMENT PROJECT № 11**

**Name of the project:** Production of drying oil

**The name of enterprise:** Limited Liability Company "Ranginkamon - Ravshan".

**Address:** 734017, Republic of Tajikistan, Dushanbe, Rudaki str. 205

**Tel.:** (+992) 918-61-43-01 909-99-38-89 985-38-70-34

**The purpose of the project:** Production of consumer goods.

- Organization of supply of raw materials.
- Store in designated areas.
- Preparation of raw material for processing.

- Production of varnish.
- Storage product.
- Implementation of the product.

**Overall costs of the project:**

(million. US dollars) - 425000,

**payback time:** 5 years

**The proposal to the investors:** Possible forms of cooperation;

Distribution of profits 50/50.

---

## INVESTMENT PROJECT № 12

**Name of the project:** Investment project on production of construction glass.

**The name of enterprise:** FREE ECONOMIC ZONE "Dangara"

**Address:** Khatlon Dangara district

**Tel.Fax:** (+992 37) 2214717, 2214718

**The brief description of the project:** The project envisages the construction of a plant for the production capacity of 1.0 million square meters of glass thicknesses from 2 mm to 14 mm and 5 mt. pieces of glass. Implementation of this project will produce high-quality import substituting and export products are in high demand, both domestic and global markets.

Currently glass market and products based on it - one of the fastest growing and promising. Building complex and canning industry is a major consumer of flat glass in Tajikistan.

The main producer of glass in the republic is LLC "Bread Baking company" Kayrakkum that produced in 2012, 215 thousand square meters glass jars and 3.32 million. Annual growth needs of the construction industry in the materials for glazing (glazing, flat, laminated, laminated glass) is more than 10%. Accordingly, this requirement will be met by increasing the output of flat glass.

**Overall costs of the project:**

(million. US dollars) - 10 million (U.S. \$ million),

---

## INVESTMENT PROJECT № 13

**Name of the project:** Construction of the plant for deep processing of mechanical cocoon and raw silk yield of finished end products of silk satin fabric and silk fabric in Dushanbe, Tajikistan on site Grenzavoda Ministry of Industry and New Technologies of the Republic of Tajikistan.

**The name of enterprise:** COMBINE Manufacture of finished silk satin and silk fabrics FABRICS LTD "Ohrmazd engineering"

**Address:** Dushanbe, Foteh Niezov str. 37/218

**The purpose of the project:** The main products of the project will be the recipient of Reconstruction Dushanbe factor cotton) in Dushanbe and the production of silk materials. Buy equipment for silk reeling, materials and sewing machines.

**The brief description of the project:** Reconstruction Dushanbe cotton factory in Dushanbe and production of silk fabrics. Purchase of equipment for silk reeling, materials and sewing machines.

**Overall costs of the project:**

(million. US dollars) - 2,000,000 USD

**Documentary ground of the project:** International standard business plan,

---

## INVESTMENT PROJECT № 14

**Name of the project:** Acquisition of innovative technologies and equipment for the production and design of digital set-top box standard DVB-T2, adapted to the requirements of domestic consumers

**The name of enterprise:** Limited Liability Company Joint Venture "SAMO"

**Address:** Tajikistan, Sughd, Khujand. Leninabadsкая str. 23/1.

**Tel.:** + (992) 3422-4-36-94

**fax:** + (992) 3422-6-42-64,

**E-mail:** spsamo@mail.ru

**The purpose of the project:** The project aims at the acquisition of the production technology and the calculation of digital set-top box standard DVB-T2, adapted to the requirements of domestic consumers, licenses, equipment and staff training, the development of information and telecommunication infrastructure, the introduction of digital television.

**The brief description of the project:** The project involves the production of electronic devices based on multimedia processors by technological standards. The project contributes to the Government of Tajikistan set the goal of nationwide access to digital television in the coming years and is aimed at the organization of the sale of equipment for digital television (TV set-top box, digital broadcasting studio), manufactured by our company.

**Overall costs of the project:**

**(million. US dollars)** - 5.0 million,

**payback time:** 5 years

---

## INVESTMENT PROJECT № 15

**Name of the project:** Manufacturing technology of LED modules for lamps and fixtures from 3 W to 300W.

**The name of enterprise:** Limited Liability Company Joint Venture "SAMO"

**Address:** Tajikistan, Sughd, Khujand. Leninabadsкая str. 23/1.

**Tel.:** + (992) 3422-4-36-94

**fax:** + (992) 3422-6-42-64,

**E-mail:** spsamo@mail.ru

**The purpose of the project:** The project aims at the acquisition of the production technology and the calculation process equipment for the manufacture of LED modules.

**The brief description of the project:** The project involves the production of electronic devices based on multimedia processors by technological standards. The project contributes to the Government of Tajikistan set the goal of the country's market energy-efficient LED and lighting equipment in the coming years and is aimed at the organization of the sale of these products manufactured at our plant in the Republic of Tajikistan.

**Overall costs of the project:**

**(million. US dollars)** - 1.00 million,

**payback time:** 2.5 years

---

## INVESTMENT PROJECT № 16

**Name of the project:** Create a Limited Liability Company "Boce Salt" was aimed at the organization and establishment of a plant for processing and production of salt, which became the basis for the development of the project under the "Construction of the plant for processing and production of salt."

**The name of enterprise:** Limited Liability Company "Boce Salt"

**Address:** Republic of Tajikistan, Khatlon district, Vose, Rohi ohan 44 st.

**Tel.:** +992918880008, 992907810808

**Field of activity:**

**The purpose of the project:** The aim of the project is the organization of production and processing of salt through the construction of the plant, on the land owned by the founder Mr. Shaykhov Sherali Khamidovich as well as to maximize profits.

**The brief description of the project:** Under the strategy takes into account the essence of a comprehensive study of the issues on the project:

Construction of the plant;

Placement of equipment for processing, cleaning and packing of salt;

The use of salt deposits;

Creation of new jobs;

Recruitment and training of workers;

Rental equipment for the processing and delivery of raw materials to the destination;

Delivery of salt to the railway track;

Salt export to the Russian Federation and other CIS countries;

The implementation of the wholesale market of neighboring countries.

Exports of salt will be provided for its technological purification and processing of relevant approved standards, as well as its packaging in cans of 500 gr. and 1000 grams. and in sacks of 50 kg. It is planned to use a different tare weight of various packaging for the convenience of buyers appropriate appearance.

**Overall costs of the project:**

**(million. US dollars) - 5 075,0 mln,**

**payback time (5 - years)**

**Documentary ground of the project: BUSINESS - PLAN**

---

## **INVESTMENT PROJECT № 17**

**The name of enterprise:** Open Joint Stock Company "Dushanbe tobacco factory"

**The purpose of the project:** The main objective of the project is the creation of a joint venture with a foreign investor, on the basis of which the organization using local raw materials for manufacturing tobacco products competitive in the world market.

Objectives of the project:

- Improvement of plant production, reaching the level of the 80s and above;
- Meeting the needs of (full) of the internal market in tobacco products;
- Creation of production kokurentnosposobnoy products (tobacco) on the world market and increase the export potential of the Republic of Tajikistan;
- Effective use of local raw materials and material resources through the introduction of advanced technology;
- Creation of new jobs that will effectively utilize local labor and to suspend outflow from the country of skilled labor;

- Improving the living standards of employees.
- The acquisition of high-quality skeletal varieties of tobacco abroad.

**The brief description of the project:** Currently, the company is staffed by qualified personnel. At the beginning of 2013 the average annual number of production staff of 80 people (compare to 1990g.-312 people). During the project implementation problems with the staff will not. In addition, it should be noted that the positive factor of the project is cheap labor. Thus the average monthly wage in 2013 the enterprise was 700 Tajik rubles (about USD 145), which in product costing will have a very small proportion.

**Overall costs of the project: (46.83 million. US dollars),**

---

## INVESTMENT PROJECT № 18

**Name of the project:** Construction of livestock complex.

**The name of enterprise:** Council of Russian Compatriots Kulob region of Tajikistan

**Address:** Republic of Tajikistan, Kulob city. Borbad 21/95

**Tel.:** 8 53 22) 02/04/95, 918,333,879

**Web:** ww.srs.freenet.tj

**E-mail:** srskulyb@mail.tu

**The purpose of the project:** For example, expansion of existing production capacity, improving the quality of existing products, introduction of new products on the market, the introduction of new facilities, etc.

This project provides for charitable activities to economic activity. Provides for the allocation of land for construction of the house, turkey breeding, livestock center mini-workshop for the production of dairy products, as well as part of the land is used for growing crops. Implementation of the project is aimed at ensuring food pensioners and enable autonomous existence of association.

**The brief description of the project:** The project involves the construction of cattle-breeding complex with the release of meat and dairy products. Also provides for the establishment of fisheries and crop production with their further processing.

**Special conditions for project implementation:** The project involves the construction of cattle-breeding complex with the release of meat and dairy products. Also provides for the establishment of fisheries and crop production with their further processing.

For example, tax rates, tax breaks / holidays, losses reallocated to future period, subsidies, profit repatriation, ownership, export-import restrictions and privileges, and others.

### **PRODUCT DESCRIPTION AND QUANTITY:**

Product Description Nominal capacity

Product 1: Fish carp, carp to 60 tons per month

Product 2: Turkey meat 30 tons per month

Product 3: Eggs, turkey 500 pcs. per month

Product 4: Dairy produce 10 tons

Product 5: Lamb meat 3 tons per month

Product 6: Beef 15 tons per month

**Overall costs of the project: - 10.0 million. Euros.**

**The proposal to the investors:** The joint venture

Partnerships on mutually beneficial terms, joint development.

**Documentary ground of the project:** There is a ready technical documentation

---
